

Jysk Display summer update 2020.

Summer vacation is waiting just around the corner, and we would like to thank all our customers and business partners for the support and cooperation first half year of 2020.

Even though COVID-19 has had its impact on the volume of exhibition activities the last months, we are fortunately now experiencing increased activity, and we are happy and proud that so many of our customers have chosen us to help them produce and install exciting new interior decoration projects and showrooms.

One of our projects is to produce and install several new podiums for GEBERIT, and help them update their showroom, so they can welcome new customers in fantastic surroundings.

Furthermore, we have spent these last months qualifying and developing our organization as well. We have looked into exciting strategic initiatives and we are now even more prepared to service both new and existing customers after the summer holidays.

Whether you need qualified help with showrooms, interior design or an innovative and eye-catching design for your next exhibition stand, Jysk Display is ready to help and support you.

Take care each other - and enjoy the summer

Jacob P. Jensen / CEO
