

WHY ONLINE EXPOSURE IS A VALUABLE 'ADD ON' PRODUCT...

ONLINE
PLATFORM

by

set the scene

WAN'T TO SECURE your product will **ALWAYS** reach the market in **DUE TIME..?.**

Jysk Display's new online platform is an 'add on' product – and an extra guarantee for you as a customer to secure your product will always reach the market in due time. No matter what the circumstances.

Think the online platform as an extra 'tool' to be able to reach out to a wider audience. Not just now, but also in the future when the world opens up again.

CASE EXAMPLE – online platform by Jysk Display

- Jysk Display designs an eye-catching booth/showroom – or we re-use elements/modules from an existing one.
- We create it at your company's domicile so you can use it as a showroom for your own visitors, - or we built it at our premises in Viborg.
- You invite your top-10 customers to join your online exhibition at a scheduled time, - or you make it as an open forum, - or both. Fully customized meet your needs and wishes.
- The audience can join in. They can interact with you, explore your products and access exclusive sessions – you are only limited by your imagination.
- Alternatively, use our online platform to provide a professional set-up showcasing your company or a product launch through the organiser's website.
- Jysk Display provides the full package and equipment needed to ensure a professional and innovative online platform as well as a smooth transmission worldwide.

Jysk Display assures YOU and your PRODUCT will stand out of the crowd – online as well as in the 'real world' –
